

Godly Play Lesson – Sunday, March 22, 2020

This week's lesson is the Ark and the Flood. Please access this story on line. Go to godlyplayfoundation.com and access the "Ark and the Flood" on You-Tube. Watch the lesson with your child and ask how you might show this lesson. Does he or she have some plastic animals or a toy boat? Can you create some with paper? Look for alternate materials. For example, a shoebox can become an ark. Then practice the story several times. The wondering questions help your child to think about what we can learn from the story.
